On Rack 23" Monitor
WUXGA 1920 x 1200 Resolution

The DTS-OR23 Series is a high performance 8U 23" LCD display. The display is the highest quality in its class. This LCD has a native HD resolution WUXGA (1920 x 1200).

It is ideal for Broadcast / Studio Applications with all the standard video formats. It can do 1:1 pixel mapping or scale your input to full screen.

It employs the new technology S-IPS (Super In Plane Switching) to produce the industries widest viewing angle 178°/178° and the fastest response time (8 ms).

The DTS-OR23 has been designed to allow for multiple back panel termination with aRGB, DVI-D, NTSC/Pal, Component Video (YPbPr), S-Video and CVS Ports. Optional HD/SD-SDI. (See Option S4 on our HD/SD-SDI Options Data Sheet for more details)

The DTS-OR23 Series fits ON a 19" wide rack and the optional Articulating Arm lets you maneuver the monitor to almost any position.

The DTS is an all Aluminum construction solution with a Standard Finish of Black Powder Coat and medium texture, but it can be customized to any color or logo.
